Resume For President:

It has been a pleasure serving you as President for the past two years. As there's still much to do in overriding twelve or more years of the "Good Ole Boy Program" and not following any procedures required by law or organizations we are responsible to, in maintaining order and solid financial stability.

This is the fifth Board of Directors I have served on as well as being a partner on five LLCs. This job requires a lot of time and knowledge; not just running meetings. We have several projects in planning: rebuilding the 500 meter range, painting of buildings, signage on ranges and the ammunition sales for members to name a few.

I intend to run as President for this coming year to finish what I started and would appreciate your vote in November.

Fred Bunge, President MSC

Thanks for getting back to me, Lenore, regardless of how long it took. Working in Peach Springs, my day ends at 5:30 PM, and the soonest I could make it would probably be around 6:30, depending on weather and traffic. But I don't want this club to go down in flames! I'm willing to claim an hour or two of vacation pay a month to leave early enough to make the meeting.

Treasurer would be a good fit for me. I've been a secretary before, and I didn't enjoy it. Bookkeeping comes easily to me, as an engineer used to dealing with numbers. When I was with the United Way, I was the Finance Director, and prior to that I was a licensed securities dealer and a real estate broker. Let's move forward with this; the Club must go on!

Good Afternoon Roger,

I apologize for not getting back with you sooner. I'm going through the applications to qualify them. It would be best if you can make the meeting at 6pm or within a few minutes. You already know the commitment needed for a board of directors. As of now we don't have any applicants for secretary or treasurer. Please let me know if you think you would be able to do any of these. The required meetings are 4 general membership or board meetings. We typically do 2 meetings in an evening.

Please let me know your thoughts
Lenore Stephey

After several years of membership, and attendance at several meetings - rare because of the distance - I would be happy to serve as a Board member. I just know what kind of time commitment this will require. I am currently in the late stages of moving to Golden Valley, so the distance will no longer be an issue, but meeting times may be difficult. I work 4x10s in Peach Springs, and I can't get to GV by 6:00PM. If that is not an issue, toss my name in the hat. I'm a former President of the Kiwanis Club of the Colorado River, and former Director of the Colorado River United Way, and I'm a Benefactor Life member of NRA. I'm a rifle and pistol instructor, reloader, and trained gunsmith. I expect to be moving from Bullhead City within a couple of weeks. Let me know if anyone wants to nominate

me.

Want to keep the range open and active, make improvements to the range so that more people use it and hopefully have some major-type matches to increase the visibility of MSC. This includes trap, pistol and rifle. Was a Board member and President/CEO of the San Luis Obispo Sportsmen's Club (CA) for 3 years (700 acres, 500 members, about 15 shooting activities). Developed a new .22 Rimfire activity (in 2007) called Take-5. It was adopted by Ruger and is now the Ruger Rimfire Challenge. It was also adopted by the NSSF. Active shooter at MSC.

I have served as a Director At Large for the last 8 months. I have volunteered on many projects for this club including welding, painting and cleaning in general. I have also worked on water leaks and equipment. I was the supervisor on an interstate natural gas pipeline for 6 years. I am a good candidate for this job as I advocate for the entire club and want to see improvements made and membership grow. I also want membership to know they all have a voice in how things are run.
